👤 Profile

Junior Full Stack Developer with experience from BeCode, where I successfully worked on projects both independently and in collaborative teams. I am flexible, motivated, and bring strong communication and problem-solving skills. I adapt quickly to new challenges and strive to deliver high-quality results in every task.

💼 Work Experience

BeCode.org, Brussels
Full Stack Web Development Student
09/2024 – 03/2025

Gained hands-on experience in solving programming challenges, working with Git/GitHub, and delivering technical presentations. Developed strong problem-solving skills and practical knowledge of web development frameworks, focusing on data management, authentication, middleware, debugging and responsive design

Kimco NV, Dendermonde
Packing Line Worker
10/2020 – 09/2023

Responsible for ensuring vegetable quality through inspection, managing tasks independently to meet production goals, and operating and maintaining machinery

PKO BP S.A., Lublin
Junior contact center sales and service dispatcher
02/2020 - 05/2020

Lublin City Hall
Participation in the project "Lublin with a soul"
04/2018 - 05/2018
Guiding high school students through universities in Lublin to showcase what studying at university looks like.

AIESEC, Lublin
Member of "Good to know me" project
03/2017 - 06/2017
Phone-based presentation of workshop offers to cultural centers, featuring participation by international students, and encouraging the centers to organize these workshops at their venues.

Mesoyios College, Republic of Cyprus
07/2016 - 09/2016
Student internship in the administrative position
